- B. Any dog or cat that is not properly licensed in accordance with this part is rebuttably presumed to be an unvaccinated stray animal and may be subject to the seizure and impoundment procedures set forth in Chapter 7.50 of this title.
- C. Animal shelters, animal hospitals, animal rescuers, commercial kennels, and pet shops are except from the requirement of this section to obtain a license for each dog or cat within the facility unless the dog or cat is owned by a person that owns or works at the facility.

 1. The date that the dog or cat became four (4) months old; or
 2. The date that the adult dog or adult cat was acquired or brought into the city; or

License tags identify owners of lost pets.

Licensed pets receive a tag with a unique license number assigned to your pet. It also has the Licensing phone number at the Shelter. If someone finds your pet, he or she can call the phone number to the Shelter, which enables us to identify the owners and reunite them with their pet. If a licensed pet is taken to the Shelter, the owner can be identified and contacted.
